Communications and Computers

SAIS-EIG

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Army Knowledge Management Implementing Instructions Number 2

1. The implementing instructions for the Army Knowledge Management (AKM) Goal 1 are provided at the enclosure. These instructions amplify the initial direction given by the Secretary of the Army and Chief of Staff, Army (CSA) in their memorandum dated August 8, 2001. The instructions also integrate subsequent guidance from the CSA as documented in my memorandum dated September 18, 2001.
2. In coordination with the Assistant Secretary of the Army (Financial Management and Comptroller), we are finalizing a more specific execution guidance document for Goal 1 and expect to have it completed within several weeks.
3. I appreciate your continued efforts and support of the Army Knowledge Management initiative. It takes commitment at all levels of our great Army to institutionalize our new method of conducting business.
4. The point of contact (POC) for policy and governance issues is Ms. Doris Bell, 703-695-5214, [doris.bell@us.army.mil](mailto:doris.bell@us.army.mil) and for resource issues, Ms. Susie Stull, 703-614-0435, [susan.stull@us.army.mil](mailto:susan.stull@us.army.mil).
